5	Karori Keesters	Reg Feuz, Roger Watkin
6	Waterloo Wolverines	Archit Nanda, Lucas Wang
7	BL	Malcolm Bonar, Felix Leichtle
8	Waterloo Wasps	Craig Gear, Tim Wilson

Team names can be changed on request.

Division One will play a round robin within the pool over the first 2.5 weeks (remembering there are two fixtures per night. The top three teams from each pool will come together to play another round robin over the next 2.5 weeks. No points will be carried forward. The bottom three teams from each pool will similarly play a new round robin. There will be no 'final' in either group.

Division Two will play a full round robin over 3.5 weeks and then split into top and bottom four groups to play another round robin over the remaining 1.5 weeks.

Doubles will only be played if the score after the four singles is a 2-2 tie. A sudden death one set doubles match (changes ends and order at 5) will determine the winner.

Points will be awarded at one point per each contest won. If teams are equal on points, singles matches won will determine placings. If further assessment is required, the final result between the affected teams within the relevant pool will be used.
